

Curriculum Vitae

Doc. Eng. Pietro Pezzano

Personal information:

Born in Bologna 31st March 1982
Via Kennedy 10,
40069 Zola Predosa (BO)
tel: +39 0516436178
fax: +39 0516436201
mob: +39 3346228280
email: p.pezzano@it.maccaferri.com

Work experience:

From January 2017 is Technical Specialist of the Geosynthetics Sector for the EMEA (Europe Middle East and Africa) Region at Maccaferri Manifattura Italia S.r.l.

From January 2014 is Business Development Manager of the Business Unit Geosynthetics & Marine for the EMEA (Europe Middle East and Africa) Region at Officine Maccaferri S.p.A.

From January 2012 was employ at Officine Maccaferri S.p.A. as Paving and Soil stabilization Technical Specialist.

From January 2011 to Dicember 2011 was designer at Land Consulting Srl as pavement designer, safety coordinator, construction supervisor.

From April 2010 to May 2011 war a trainer at ANAS Bologna into the Construction Supervisor Office (Centro Nuove Costruzioni 1).

From July to October 2009, thesis preparation, in collaboration with ANAS Bologna into the Maintenance Office (Area Tecnica Esercizio).

Education and training:

Registered into the Council of Engineers of the Province of Bologna section A sectors A B C # 8152/A since 17/03/2010.

Enabled Engineer from 2009.

Enabled Construction Safety Coordinator according to D.lgs n°81 del 9 aprile 2008

Civil Engineer (Pavement Engineer) Università degli Studi di Bologna 20th October 2009, thesis title "Design and testing of innovative reinforced road pavements"

Technical comitee:

Member since 2014 ISO/TC 221/WG3

Member since 2014 CEN/TC 189/WG1 and WG3

Member since 2014 Gruppo di Lavoro UNI "Geosintetici e prodotti affini"

Publications and papers:

1. Pietro Pezzano, Rinaldo Uccellini. «Soluzioni innovative per il rinforzo e il drenaggio di rilevati stradali» Strade e Autostrade, 3-2013: 1-6.
2. Pietro Rimoldi, Pietro Pezzano, Edoardo Zannoni. « Design model for strength and position of geogrids for road base stabilization » GEOAFRICA 2013. Accra, Ghana, 2013. 10.
3. Pietro Pezzano. « Application of Geosynthetics in Pavement Rehabilitation » Pavement rehabilitation using pulverization stabilization, geosynthetics and overlay. Akure (Nigeria), 2014.
4. Alexandre Plastre, Pietro Pezzano. « Proprietes a long terme des geogrilles thermocollees en polyester » Journée technique du CFG. Ecole des Ponts (France), 2014.
5. Pietro Rimoldi, Alexandre Plastre, Pietro Pezzano. « Methode de dimensionnement des bases de remblai ferroviaires renforcees par geogrilles », Symposium International GEORAIL 2014. Marne-La-Vallée (France), 2014.
6. H. Ozcelik, D. Gamberini, P. Pezzano, P. Rimoldi. « Geogrid and double twist steel mesh reinforced soil walls subjected to high loads in a seismic area », 10th International Conference on Geosynthetics. Berlin (Germany), 2014.
7. Pietro Rimoldi, Alexandre Plastre, Pietro Pezzano. « Méthode de dimensionnement des bases de remblai ferroviaires renforcees par geogrilles », Symposium International GEORAIL 2014. Marne-La-Vallée (France), 2014.
8. Alexandre Plastre, Pietro Pezzano. « Conception et dimensionnement des geocomposites de drainage », 10èmes Rencontres Géosynthétiques, La Rochelle (France), 2015.
9. Edoardo Zannoni, Pietro Pezzano. « Asphalt reinforcement through geosynthetics », CAPSA 2015. (South Africa), 2015.
